## DEAR READER

An eventful year is drawing to its close. From our perspective, it was a good year despite a number of difficult moments and setbacks. But they are part of our industry, part of life itself, as we all know.

In retrospect, developments proved positive for SWISS in 2010 – and I sincerely hope that the same is also true for you personally and for all your undertakings, both private and professional. Now, let us look together toward the future.

During the coming year, too, we intend to make your stay on board and the experience of flying even more enjoyable.

If you happen to have a little time free for a trip towards the turn of the year, why not consider visiting a classic beautiful winter destination, one of the oldest cities in Central Europe – Prague?

With its wealth of Gothic and baroque architecture, the city is particularly alluring during the winter months and truly worth a visit. It is especially attractive to walk over the Charles Bridge or through Hradčany in the snow. Take a look at our city feature and let yourself be inspired.

In the name of all the members of our SWISS staff, I wish you and your families a peaceful and enjoyable holiday, a good start to the New Year and many happy landings in 2011!

Welcome on board!

Sincerely,  
Harry Hohmeister

## LIEBE LESERIN, LIEBER LESER

Ein ereignisreiches Jahr neigt sich dem Ende zu. Aus unserer Sicht letztlich ein gutes Jahr trotz schwieriger Momente und Rückschläge. Die gehören zu unserer Industrie, sie gehören zum Leben, wie wir alle wissen.

Das Jahr 2010 hat sich für SWISS im Rückblick positiv entwickelt – und ich wünsche von Herzen, dass Sie für sich persönlich, für Ihre Unterfangen, privat wie beruflich, dasselbe sagen können. Nun lassen Sie uns zusammen nach vorne blicken.

Auch im kommenden Jahr wollen wir durch Neuerungen und Verbesserungen Ihnen den Aufenthalt an Bord und das Flugerlebnis noch angenehmer gestalten.

Vielleicht bleibt Ihnen zum Jahreswechsel hin ein bisschen Zeit und Musse für eine Reise. Falls ja, warum nicht in eine der klassischen und schönen Winterdestination, eine der ältesten noch erhaltenen Städte Mitteleuropas, nämlich Prag?

Das von Gotik und Barock geprägte Stadtbild ist gerade jetzt zur Winterzeit eine Reise Wert. Besonders reizvoll ist es, bei Schnee über die Karlsbrücke oder auf den Hradschin zu spazieren. Lassen Sie sich von unserer Reportage inspirieren.

Ich wünsche Ihnen, Ihren Familien und Angehörigen im Namen aller Mitarbeitenden der SWISS eine friedliche und schöne Zeit zur Jahreswende, einen guten Start ins neue Jahr und many happy landings 2011!

Willkommen an Bord!

Herzlich, Ihr  
Harry Hohmeister

## CHERS LECTEURS,

Une année mouvementée s'achève. Tout est bien qui finit bien pour nous, malgré quelques coups du sort et des moments difficiles. Ces aléas font partie des conditions d'exercice de notre secteur d'activités et, comme chacun sait, ils font partie de la vie.

L'année 2010 a été globalement fructueuse pour SWISS. Je souhaite de tout cœur qu'il en ait été de même pour vos projets et vos réalisations privés et professionnels. Tournons-nous à présent vers l'avenir.

Nous souhaitons rendre vos voyages encore plus agréables en 2011 par des nouveautés et des améliorations.

Peut-être vous reste-t-il encore un peu de temps d'ici au 31 décembre pour entreprendre un petit voyage? Pourquoi pas vers une jolie destination hivernale, la plus ancienne ville d'Europe centrale en parfait état, le grand classique du romantisme: Prague?

Cette capitale sous influence gothique et baroque dévoile tous ses charmes en hiver, lorsque l'on traverse le Pont Charles sous la neige ou que l'on se promène autour du Hradčany. Notre reportage saura vous en persuader.

La cité tchèque imprégnée d'histoire est aussi un haut lieu du modernisme, comme en attestent les créations architecturales de Jean Nouvel ou de Frank Gehry et un véritable foisonnement de culture contemporaine.

Au nom de tous nos collaborateurs, je vous souhaite ainsi qu'à votre famille et à vos proches quelques jours de sérénité et de bonheur en cette fin d'année, un bon nouveau départ et de nombreux atterrissages parfaits en 2011!

Bienvenue à bord!

Cordialement,  
Harry Hohmeister

## GENTILI LETTRICI, CARI LETTORI

Un anno denso di eventi si avvicina alla fine. Un anno tutto sommato buono per noi, nonostante qualche momento difficile e qualche contraccolpo. Ma si sa: questi alti e bassi fanno parte del nostro lavoro e della vita.

In prospettiva per SWISS il 2010 è stato positivo e mi auguro che anche voi, sia a livello personale che professionale, per i vostri progetti e per le vostre imprese, possiate esprimere lo stesso giudizio. Ma ora guardiamo al futuro.

Anche l'anno venturo ci proponiamo di rendere sempre più gradevole la vostra permanenza a bordo e i vostri viaggi con innovazioni e miglioramenti.

Forse a capodanno avete ancora un po' di tempo e voglia di viaggiare. In questo caso perché non scegliere una classica meta invernale, Praga, una delle più antiche città mitteleuropee?

Il paesaggio di Praga, contraddistinto dalle linee del gotico e del barocco, merita un viaggio soprattutto d'inverno, con il Ponte Carlo e il castello sotto la neve. Fatevi ispirare dal nostro reportage.

Da parecchio tempo ormai la capitale ceca offre al turista, oltre all'opulenza storica, anche l'attrattiva della modernità, con gli edifici di Jean Nouvel o Frank Gehry, e una vita culturale vivissima.

A nome di tutti i collaboratori di SWISS auguro a voi, alle vostre famiglie e ai vostri cari buone feste, un ottimo inizio d'anno e many happy landings nel 2011!

Benvenuti a bordo!

Cordialmente, vostro  
Harry Hohmeister

## SWISS BEGRÜSSTE 100-MILLIONSTEN PASSAGIER

Im vergangenen Oktober über- schritt Swiss International Air Lines die **100-Millionen-Passagiermarke**, ein wichtiger Meilenstein in ihrer Unternehmensgeschichte. Die stetig wachsenden Passagierzahlen zeigen, dass SWISS auf dem richtigen Weg ist und ihr die Kunden ihr Vertrauen schenken. Die 100 Millionen Fluggäste, die insgesamt 423 729 der neuen Airbus A330-300 füllen würden, hat SWISS vor allem dem nachfragegerechten Ausbau eines attraktiven Streckennetzes sowie der kontinuierlichen Modernisierung und Erweiterung der Flotte mit verbessertem Kundenkomfort zu verdanken. Seit 2004 hat SWISS die Passagierzahlen um über 50 Prozent steigern können. Auch in die Zukunft wird weiter investiert: In den nächsten Jahren stoßen weitere fünf Langstrecken-Airbus A330-300 sowie vier Airbus-Europa-Flugzeuge zur SWISS Flotte.

## A330-300 BALD TÄGLICH NACH MONTREAL

SWISS führt gegenwärtig drei der sieben wöchentlichen Flüge zwischen Zürich und Montreal mit der neuen A330-300 durch. Mit der Inbetriebnahme einer weiteren A330-300 wird Montreal ab 27.1.2011 vollständig mit dem neuen Produkt angeflogen. Zudem bietet SWISS dann immer auch eine First Class auf dieser Strecke an.

## DIE NEUE SWISS BUSINESS IN IMMER MEHR A340

Nach erfolgreicher Einführung der neuen Business Class im Airbus A340 nach San Francisco, Boston und Hongkong profitieren SWISS Kunden vom neuen Komfort schon bald auf weiteren Routen: **Los Angeles** (ab 27.1.2011, täglich), **Johannesburg** (schrittweise, ab 10.2.2011) und **Shanghai** (ab 10.3.2011). Bis Mitte 2011 werden alle 15 Maschinen dieses Typs über die neue SWISS Business verfügen.

## SWISS WELCOMED THE 100,000,000TH PASSENGER

Last October, Swiss International Air Lines welcomed the **one-hundred-millionth** passenger aboard one of its flights, an important milestone in its corporate history. Steadily rising passenger figures show that SWISS is on the right track and ranks high in customer loyalty. This impressive number – it would take a total of 423,729 new Airbus A330-300 aircraft to fly one hundred million passengers – is attributable mainly to the demand-driven expansion of an attractive route network, the ongoing modernisation and enlargement of the fleet, and constant comfort enhancements. Since 2004, SWISS has boosted its passenger traffic by over 50 per cent. And it continues to invest in the future: in the coming years, the SWISS fleet will be upgraded with another five long-haul Airbus A330-300s as well as four aircraft from the Airbus A320 family.

## DAILY SOON: A330-300 TO MONTREAL

SWISS is operating three of the seven weekly flights between Zürich and Montreal with new A330-300s. Starting on 27.1.2011, with the addition of a further A330-300 this aircraft type will handle all flights to Montreal. Moreover, SWISS will then also offer regular First Class service on this route.

## MORE AND MORE A340s WITH THE NEW SWISS BUSINESS

After the successful introduction of the new Business Class in Airbus A340s to San Francisco, Boston, and Hong Kong, SWISS customers can soon benefit from the new benchmark in comfort on other routes: **Los Angeles** (daily, starting 27.1.2011), **Johannesburg** (gradual introduction, starting 10.2.2011), and **Shanghai** (starting 10.3.2011). Until mid-2011, all 15 of these aircraft will feature the new SWISS Business class.

# WELCOME TO SWITZERLAND

## WILLKOMMEN IN DER SCHWEIZ

### CANTONS OF SWITZERLAND

#### LANGUAGES SPOKEN

**Swiss German:** 63.7 %  
 (northern, central and eastern Switzerland)  
**French:** 20.4 % (western Switzerland)  
**Italian:** 6.4 % (southern Switzerland)  
**Rhaeto-Romanic:** 0.5 %  
 (south-eastern Switzerland)  
**Others:** 9 %

#### SWISS TASTE OF SWITZERLAND: ST. MORITZ

Während der Wintermonate bis Ende Februar werden Sie als Fluggast der SWISS First und Business Class ins Engadin entführt und geniessen die Gourmetküche von Mattias Roock (Kempinski Grand Hotel des Bains in St. Moritz).

If you're flying SWISS First or SWISS Business this winter (between now and the end of February), you'll enjoy in-flight gourmet creations by Mattias Roock of the Kempinski Grand Hotel des Bains in St. Moritz, south-eastern Switzerland.

#### GRISONS

Graubünden ist zwar flächenmäßig der grösste Kanton der Schweiz, aber zugleich auch der am dünnsten besiedelte. Mit Deutsch, Italienisch und Rätoromanisch ist er außerdem der einzige, in welchem drei Sprachen gesprochen werden – und letztere ist ein wichtiger Teil der Bündner Eigenart und Kultur. Grischun ist auch Natur pur: 615 Seen, über 900 Berggipfel und 150 Täler gibt es hier! St. Moritz im Oberengadin gehört zu den traditionsreichsten Ferienorten der Welt.

The Grisons may be Switzerland's biggest canton by area, but it's the most sparsely populated, too. It's also the only canton with three native tongues: German, Italian and Rhaeto-Romanic. And the last of these forms an integral part of the local culture and identity. Grischun is rich in natural scenery, with 615 lakes, over 900 peaks and 150 valleys. And in St. Moritz in the Upper Engadine, it's home to one of the world's most famous leisure resorts.

#### FACTS AND FIGURES CANTON GRISONS

**Area:** 7,106 km<sup>2</sup>  
**Population:** 192,000  
**Capital:** Chur

St. Moritz im Oberengadin bei Nacht,  
 die weltbekannte Skiregion Graubündens.

# ECO-CONCERNS ON BOARD

## DIE UMWELT FLIEGT MIT

---

Der Anteil der Luftfahrt an den globalen CO<sub>2</sub>-Emissionen beträgt 2 Prozent. SWISS selbst hat in den vergangenen sieben Jahren den Kerosinverbrauch pro 100 Passagierkilometer um ein Siebtel reduziert. Und SWISS leistet auch künftig ihren Beitrag zu umweltschonender Mobilität.

Air transport accounts for just 2 per cent of all global carbon dioxide (CO<sub>2</sub>) emissions. Over the past seven years, SWISS has reduced its fuel consumption per 100 passenger-kilometres by a seventh. SWISS will continue to play its part in ensuring eco-friendly mobility, too.

Investitionen von weit über 2 Milliarden Schweizer Franken in die Erneuerung der SWISS Flotte werden den Treibstoffverbrauch spürbar verringern. Die Investition in neue Technologien sind ein wesentlicher Teil der Aktivitäten, um die Ziele zu erreichen, die sich die Luftfahrtindustrie gesetzt hat: Bis 2020 wollen die Fluggesellschaften die Treibstoffeffizienz um durchschnittlich 1,5 Prozent pro Jahr verbessern. Ab 2020 soll die Luftfahrt CO<sub>2</sub>-neutral wachsen, und bis 2050 sollen die CO<sub>2</sub>-Emissionen gegenüber 2005 halbiert werden. Keine andere Industrie hat sich ähnlich ehrgeizige Ziele zur CO<sub>2</sub>-Reduktion gesetzt.

Our investment of well over 2 billion Swiss francs in renewing our aircraft fleet will tangibly reduce SWISS's overall fuel consumption. And this in turn is a major part of our contribution to achieving the goals that the aviation sector has set itself: the industry's airlines aim to improve their fuel efficiency by an average of 1.5 per cent a year between now and 2020. From then on, the sector should be wholly carbon-neutral in its growth; and by 2050, its CO<sub>2</sub> emission levels should be just half of their equivalent in 2005. No other industry has set itself similarly ambitious targets for reducing its CO<sub>2</sub> emissions.

Die neue CSeries-Generation von Bombardier wird es SWISS erlauben, den Treibstoffverbrauch erheblich zu senken.

The new-generation Bombardier CSeries will help SWISS to lower its fuel consumption substantially.

CSeries – facts and figures	
Operating costs:	down 10%
Fuel consumption per passenger:	down 25–30%
Annual CO <sub>2</sub> emissions (year/fleet):	down 90,000 tonnes
Noise emissions:	10–15 decibels quieter

Ab 2014 wird SWISS ihre Europaflotte (Avro RJ) durch Flugzeuge des Typs CSeries von Bombardier ersetzen. Dank der neuen Technologie (Triebwerke, Leichtbauweise) kann SWISS den spezifischen Verbrauch an Kerosin nochmals um über ein Viertel gegenüber dem Vorgängermodell verringern. Als Erstbestellerin fördert SWISS Innovationen im Flugzeugbau.

SWISS will be replacing its present Avro RJ regional aircraft fleet with the new Bombardier CSeries from 2014 onwards. With their new technology (in their engines and light construction materials), the CSeries will consume over 25 per cent less fuel per passenger than the aircraft they replace. As launching carrier, SWISS promotes such innovations in aircraft construction.

## 4-SÄULEN-STRATEGIE DER LUFTFAHRTINDUSTRIE

Zusammen mit der Luftfahrtbranche setzt sich SWISS für eine kontinuierliche Verringerung der Treibhausgasemissionen ein. Dieses Engagement basiert auf vier Säulen:

- *technologischer Fortschritt* (z.B. emissionsärmere Triebwerke, leichtere Flugzeuge, alternative Treibstoffe)
- *operationelle Massnahmen* (z.B. leistungsfähiges Flugmanagementsystem, treibstoffsparende An- und Abflugverfahren)
- *effiziente Infrastruktur* (z.B. bessere Nutzung der Infrastruktur wie Luftraum, Flughäfen und Flugsicherung)
- *ökonomische Instrumente* (z.B. freiwillige CO<sub>2</sub>-Kompensation)

Lesen Sie auf den folgenden Seiten mehr zum technologischen Fortschritt im Bereich alternative Treibstoffe.

## THE AIR TRANSPORT SECTOR'S FOUR-PILLAR STRATEGY

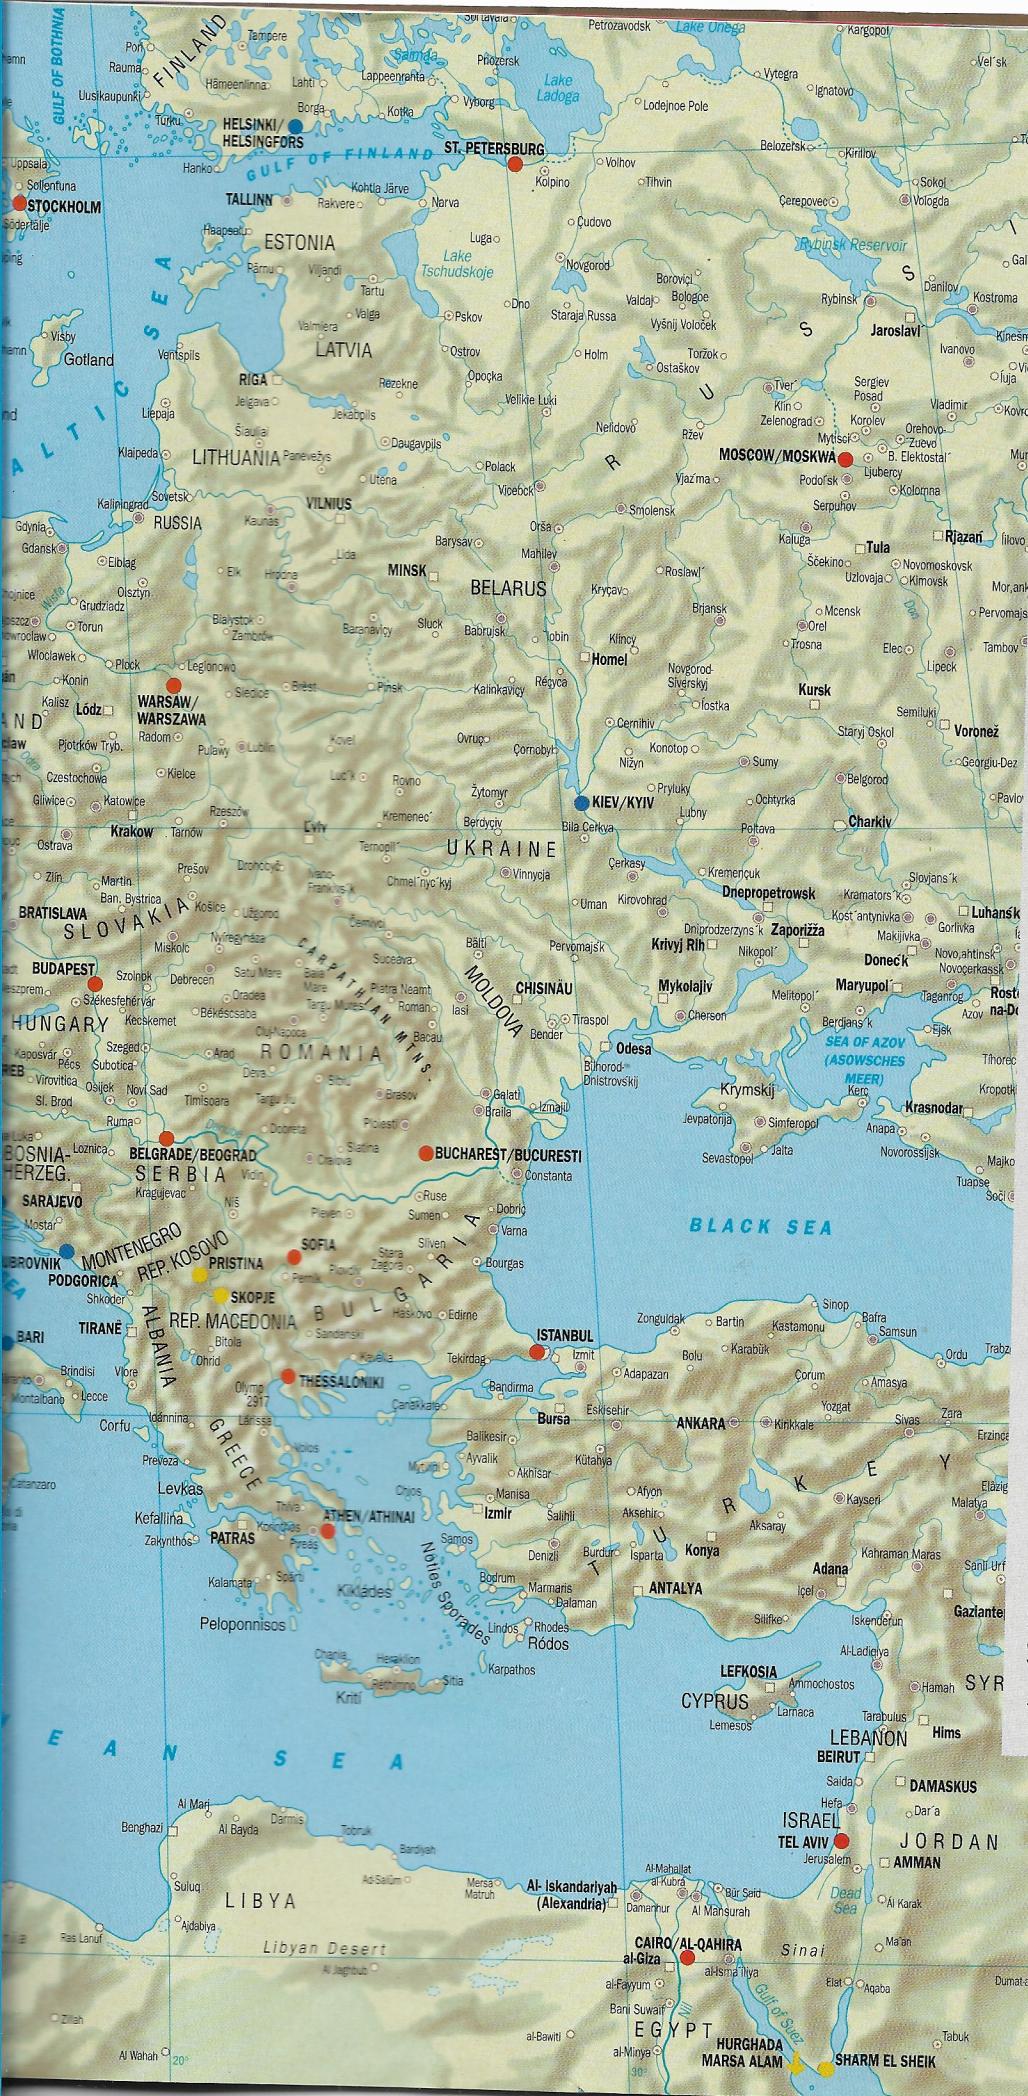

In line with the endeavours of the aviation sector as a whole, SWISS is striving to help steadily reduce greenhouse gas emissions. These efforts are based on four key pillars:

- *technological advances* (such as lower-emission engines, lighter aircraft and alternative fuels)
- *operating measures* (such as high-performance flight management systems and fuel-saving approach and departure procedures)
- *infrastructural efficiencies* (such as making better use of airports, air space and air traffic services)
- *economic tools* (such as voluntary carbon offsets)

You can read more about the technological advances in the field of alternative fuels on the following pages.

# SWISS PARTNER AIRLINES

## SWISS GROUP PARTNERS

SWISS steht für Qualität, Sicherheit, Kompetenz und Serviceorientierung und das Versprechen erstreckt sich auch auf unsere Tochtergesellschaften, die für unsere Kunden zuverlässigen, innovativen und individuellen Service bieten.

SWISS stands for quality, safety, competence, and service, and this commitment also extends to our affiliates who offer our customers a range of services distinguished by reliability, innovation, and personal attention.

### Edelweiss air

Since November 2008, Edelweiss Air has been an affiliate member of the SWISS Group. The company was founded in 1995. It currently has a fleet of three Airbus A320s and one long-haul Airbus A330-200. Thanks to a close cooperation SWISS customers can make bookings on Edelweiss Air's flights to various destinations worldwide.

### Swiss + PrivateAviation

Service at your full discretion. From the most direct connections to the purchase of aircraft, the wholly owned subsidiary of Swiss International Air Lines offers an extensive spectrum of aircraft management services.

## Aircraft management

We offer comprehensive advice, take care of your aircraft, and represent you in all the formalities with the manufacturer and the aviation authorities. We assist you in selecting the crews, we plan their training, and we help you charter your aircraft to third parties.

## Aircraft chartering

Your time is a precious commodity! Are you or employees of your company planning to visit an important meeting anywhere in Europe? Swiss PrivateAviation provides you with a fleet of individually bookable, state-of-the-art private jets.

## STAR ALLIANCE PARTNERS

Im Mai 1997 gegründet, entwickelte sich die Star Alliance zur führenden Luftverkehrsallianz. Weltweit haben die Star Alliance Partner ihre Flugpläne im Interesse der Passagiere aufeinander abgestimmt. Die Kunden können die Meilen für ihr jeweiliges Vielfliegerprogramm auf dem gesamten Netzwerk der Star Alliance sammeln.

Founded in May 1997, Star Alliance has evolved to become the world's leading airline alliance. Star Alliance partners coordinate their flight schedules at a global level in the best interest of the passengers. This allows passengers to collect the miles of their respective frequent flyer programmes throughout the entire Star Alliance network.

## PARTNERS OPERATING ON BEHALF OF SWISS

Ein optimales Flugnetz, ein Höchstmaß an Sicherheit sowie höchste Qualitätsstandards an Bord und am Boden bieten unsere Partnergesellschaften im Namen der SWISS an. Die eigenständigen Gesellschaften bedienen ausgewählte Flugrouten und ergänzen so optimal das Netzwerk von SWISS.

An optimised flight network, maximum security, as well as the highest quality standards on board and on the ground are offered by our independent partner companies on behalf of SWISS. These independent companies serve selected routes and thus ideally complement the SWISS network.

### Contact Air Member of Lufthansa Regional

The German-based carrier deploys two Fokker 100s to operate SWISS services on the Zurich-Warsaw, Zurich-Prague, and partly on the Zurich-Stuttgart routes.

### DARWIN THE SWISS REGIONAL AIRLINE

The Swiss carrier, based in Lugano, operates a Saab 2000 on the Zurich-Lugano route on SWISS's behalf.

### helvetic airways

The Swiss carrier operates SWISS's connections on its Zurich-Birmingham, Zurich-Budapest, and partly on its Zurich-Lyon and Zurich-Milan routes using Fokker 100 aircrafts.

### PrivatAir

The Swiss-based business airline provides a 56-seat Boeing business jet with an all-business-class cabin for SWISS's Zurich-Newark services.

### bmi

The UK-based carrier deploys one Airbus 320 to operate SWISS services between Geneva and London Heathrow.

## OUR FREQUENT FLYER PROGRAMME: MILES & MORE

**Miles & More is the SWISS frequent flyer programme. With Miles & More, Europe's most extensive frequent flyer programme, you can earn and redeem miles not only when you fly with SWISS but also when you travel with our other Star Alliance partners, as well as 20 additional affiliated airlines. You can also enjoy mileage benefits in connection with hotel accommodation, car rental, credit card purchases and much more.**

### EARN MILES AND ENJOY

Zurich, Frankfurt, Vienna, Warsaw, New York, Tokyo? Miles & More members don't just fly a lot, they benefit a lot – every time you take off, miles are credited to your account.<sup>1</sup> The SWISS frequent flyer programme Miles & More offers so much, even beyond the world of flying. You can earn miles on flights operated by SWISS, Adria Airways, Air Dolomiti, Austrian Airlines Group, Brussels Airlines, Croatia Airlines, LOT Polish Airlines, Lufthansa, Luxair, the Star Alliance partners, our other partner airlines as well as with many other partners from a wide range of industries. The more miles you earn, the more you benefit. Miles earn you fantastic awards, privileges and services which allow you to experience so much more.

### EARN MILES ON YOUR TRAVELS

It is important to us to help you get to your destination airport safely and relaxed. To ensure you reach your final destination comfortably, we have arranged partnerships with four major car rental firms: Avis, Europcar, Hertz and Sixt. You can find these partners almost everywhere in the world – many with stations directly at the airports. When you hire a car from one of our partners, you'll earn award miles – whether you've booked a flight or not.<sup>1</sup>

Well-rested Miles & More members will have earned their miles even whilst sleeping!<sup>1</sup> Whether it's a holiday, business or luxury hotel, you'll be credited with award miles in your Miles & More account when you stay overnight at one of our 40 partner hotel chains.<sup>1</sup>
